

HAMDEN HERONETTES INTERVIEWED ON WELI RADIO

Coach DeMaio interviewed the Heronettes on his Saturday morning sports show on March 27th at 7am at the WELI radio station. Competitive swimmers Renee Collett, Lexi Cusano, Hannah Finch, Samm Griggs, Olivia LeVine, Francis Santiago, April Simell, and Jennifer Zhu all sat down in front of the microphones to help spread the word about their team. The girls had a lot of fun in the studio, answering the Coach's questions and laughing as he expertly coaxed them into talking on-air. The swimmers were also congratulated by the Coach on winning the high point trophy at last month's East Zone Junior Championships, which they brought into the studio to show him. Some swimmers answered questions about how synchronized swimming works, what routines they had, past competitions and what their practices are like. The Heronettes head coach Teena Griggs answered Coach's questions about the upcoming 40th anniversary water show the Heronettes will be holding in May, with coaches Marisa D'Amico and Anna Montgomery chiming in as well. It was an informative session not only for the girls on how radio works, but perhaps also for Coach DeMaio on how synchro works! Hopefully there will be future WELI Coach DeMaio shows with the Heronettes as visitors.
