

Kim Miller Synchronized Swimming Scholarship

Kim Miller was an athlete on the Hamden Heronettes Synchronized Swim Team. She was a dedicated teammate and role model. In 2001, Kim was diagnosed with a rare form of bone cancer. She underwent chemotherapy and surgery to replace part of her femur with a titanium rod. Kim continued swimming and competed in the 2002 ESynchro Age Group Championships in Federal Way, Washington, only 6 months after her surgery. She went on to swim on the collegiate level at Millersville College in Pennsylvania. In the midst of her freshman year, the cancer returned. In May of 2005, at the age of 19, Kim lost her long battle with bone cancer.

The Kim Miller Synchronized Swimming Scholarship fund was established to keep Kim's memory alive and, at the same time, help support the continuing career of a synchronized swimmer in the East Zone on the collegiate level.

Thanks to the many generous donations, we are now self-supporting for a \$500 per year scholarship.

The Miller Family will continue to contribute so the scholarship will pay out the \$1,000 award.

Please help us grow by having a fundraiser during your synchro season!

With appreciation for all your support
